SUBJECT Full Text

NARRATOR: November 22nd, 1963. A lone figure walks to a window in the Texas school book depository. In a matter of seconds the President of the United States will be mortally wounded. And the name Lee Harvey Oswald will be etched in history.

But did Oswald really kill President Kennedy? New evidence points to the possibility that he did not.

The series presents information based in part on theory and conjecture. The producer's purpose is to suggest some possible explanations, but not necessarily the only ones, to the mysteries we will examine.

During the cold war era of the early 1960s President John F. Kennedy is to become the most admired leader of the Free World.

PRESIDENT KENNEDY: There are many people in the world who really don't understand or say they don't want what is the great issue between the Free World and the communist world. Let them come to Berlin.

NARRATOR: His attraction is magnetic. Seldom has one man unified the people of so many democratic nations.

In October, 1962, President Kennedy learns of the build-up of Soviet missiles in Cuba, and orders a blockade of Cuban harbors. It results in one of the most humiliating political defeats in Russian history.

Little more than a year later the leader of the Western
